

Instructions: Insert the following paragraphs into your specifications to ensure that your new apparatus is equipped with class 1 components

ENFO III

The apparatus shall be equipped with the Class1 Enfo III Engine Information Display for the pump panel. The Enfo III shall provide engine RPM, system voltage display and alarm, engine oil pressure display and alarm, and engine temperature display and alarm. The Enfo III is available in either English or Metric and uses the SAE J-1587 data bus for its information and does not require any additional sensors to be mounted.
