

*Instructions: Insert the following paragraphs into your specifications to ensure that your new apparatus is equipped with class 1 components*

## TOP MOUNT CONTROL

Specification for apparatus with top mounted pump panel.

The apparatus shall be equipped with the Class I top mount control system for valve actuation. The handles shall be chrome plated zinc twist-lock handles with a recessed area for 2 " diameter round identification tags. The mounting extrusions shall have a built-in pump panel hinge that eliminates the need for slots and trim rings on the pump panel.
